

Posters come in 2 main sizes, 17" x 24" and 24" x 36". You can also print banners in increments of 24" x 48" and longer. Custom sizes will be rounded up in pricing to the next poster/banner size since the paper roll is a set size.

The color is AMAZING, so be creative. B&W (grayscale) posters are possible too, but will be charged the same as full color. All prices are for standard paper and include lamination. Prices for outdoor vinyl are coming soon. The software is easy to use and has a million templates. Examples of templates include Anchor charts, Awards, Motivational Posters, and blank layouts. If you want to make a poster from a pre-existing image, you will need a jpeg image on a flashdrive (USB or SD card) or an actual printed picture to scan.
